

G. O. P. LEADERS ASSEMBLE TODAY IN WASHINGTON

Plan to Put House in Order
After Four Hectic
Months

HUSTON IS TO QUIT

Chairman to Resign as Fea-
tured Move in Program
For Harmony

By George E. Darno
I. N. S. Staff Correspondent
WASHINGTON, Aug. 7.—The guid-
ing geniuses of the Republican Party
assembled at National Headquarters
here today to put their house in order
after a four-month period in which the
much-vaunted G. O. P. harmony was
rather badly disrupted.

Cladius H. Huston will tender his
resignation as chairman of the Re-
publican National Committee as the
featured move in the program to re-
store party peace, and Senator Simeon
D. Fess, of Ohio, will be chosen tem-
porary successor, completing the
plans perfected by the leaders, Robert
H. Lucas, of Kentucky, who is collect-
or of internal revenue, will be elected
chairman of the executive committee
and placed in active charge of the im-
pending congressional campaign.

It was not the meeting of the exe-
cutive committee, however, that fur-
nished the day's fireworks. The busi-
ness of replacing Huston with Fess
and putting Lucas in charge has long
been cut and dried.

Real interest centered around a
fery statement issued by Col. Horace
Mann, who handled the successful
drive for Hoover delegates in the
south in 1928. Mann, of late, has gone
to the mat with Postmaster General
Brown over the question of southern
patronage and its control. And the
statement was fair warning that Mann
intends to continue the fight right up
to the 1932 convention.

Asserting the situation in the South
regarding delegates to Republican na-
tional conventions "has been nothing
short of disgraceful," Mann announced
he intended to see that the 1932 Con-
vention shall have "a solid delegation
of men and women (from the Southern
States) uncontested and uninstruc-
ted."

This statement was brought promp-
tly to the attention of President
Hoover, who, of course, as a potential
candidate for re-election has a vital
interest in southern delegates and
their votes. One of the president's ad-
visors interpreted it as an effort on
Mann's part to control single-handed
approximately 132 delegates at the
next Convention.

Thus, the growth of a "left wing"
movement engineered last week by
Mann when he caused disgruntled Re-
publicans from ten states below the
Mason-Dixon line to be assembled in
rump convention is being watched
with renewed interest. Those men
who met near Savannah, Ga., at
Mann's instance are the ones Brown
consistently has refused to recognize
when patronage referees were desig-
nated in the south. Of the meeting,
Mann said:

"This southern-wide organization is
but a welding together of that noble
band of men and women who consti-
tuted the personnel of the southern
states' organizations set up by me in
the 1928 campaign. Its purpose is to
create a leadership of men and women
in each congressional district of each
state; to stabilize a party standard of
unity; to conduct a campaign of edu-
cation which will for all time put an
end to the former practice of traffic-
king and trading in delegates from
certain sections of the South at Re-
publican national conventions; to
serve notice on all outsiders that the
Republicans of the South are amply
able to manage their own political af-
fairs; that the 1932 Republican na-
tional convention shall have a solid
delegation of men and women uncon-
tested and uninstructed; that the
party in the South has no less a right
to participate in the councils of the
nation than any other section or group
of states; to stand unitedly for the
betterment and general welfare of the
Southland and all her people."

Mann denied he sought control of
patronage and in the same breath
charged the bulk of it of late "has
been passed out to an interpoling ele-
ment of carpet baggers." The redoubt-
able colonel added that "henceforth
we are going to handle our own polit-
ical affairs in our own way and with-
out outside interference from any
source whatsoever."

Mann denied any intention of seek-
ing to appear before today's meeting
of the executive committee. He is ex-
pected to wait until the meeting of
the full national committee, which will
be called either in September or Oc-
tober.

TO PREACH HERE

BRISTOL SCOUT ACTS AS MAYOR AT BUCCOU

Robert Connor, of Troop I, Is
Honored at The
Camp

ENJOYABLE PROGRAMS

Robert Connor, of Bristol No. 1, is
the mayor at Buccou Camp this week.
Connor's associate commissioners will
be Clerk Warren Talbot, of Bristol No.
5; commissioner of health, Thomas
Thompson, of Doylestown No. 3; com-
missioner of highways, Harry Ruble,
of South Langhorne No. 1; commis-
sioner of buildings, Luther Hendricks,
of Perkasie No. 1; and commissioner
of safety, George Talbot, of Bristol No.
5. Leaders in the Cub commonwealth
for the fourth week of camp are Chief
Cub Paul Vandegrift, and Clerk Rob-
ert Rueli, both from Bristol.

The two outstanding Scouts at Buc-
cou during the third week were Rene
Bly, of South Langhorne, and Arthur
Eastburn, of Doylestown No. 1. The
two Scouts were elected by their fel-
low campers into Wilmachtendieck,
the national Boy Scout brotherhood, in
consideration for their exceptional liv-
ing up to the Scout oath and law,
camp fellowship, and willingness to
sacrifice themselves for the good of
Buccou.

The Indian village started with four
Scouts specializing in its activities.
The tepees are located at the Buccou
entrance, and add a striking picture to
the camp site. All day long the In-
dians travel around camp wearing their
"G" strings as did their ancestors. At
night they sleep between the bed logs,
on straw as did the "redskins" of long
ago.

With the erection of an Eagle Boat
mast at the Waterfront Camp, and the
placing of the ship rails as camp
boundaries the scene has been set for
a summer of boating and canoeing
activity. Last week instead of the
overnight hike, the waterfront camp
participated in a canoe trip down the
Raritan.

Scouts are enjoying the afternoon
and evening programs put on by the
program department under "Jimmie"
Townsend, and "Bud" Hansen. Volley
ball, quito, tennis, horseshoe pitching
and night games keep the scouts hap-
py for the coming of each new day.

Farwell dress parade on Saturday
afternoon when the entire camp "lines
up" to say good-by to the outgoing
campers is a happy occasion. Every-
one assembles around the flag pole,
and awards earned during the past
week are made. Then the group stay-
ing in camp faces in the opposite di-
rection from those leaving camp. Then
the groups intermingle giving the staff
and the campers an opportunity for a
pleasant farewell.

Chapel Sunday was the largest this
season. Over seventy-five visitors
were present, and with the ninety-
three campers it made quite a gather-
ing. "Jimmie" Townsend, of Lang-
horne, gave the address; "Charlie"
Raimor, of Doylestown, read the scrip-
ture; "Ted" Andreas, the scout direc-
tor, offered prayer, and "Mahlon" Det-
weiler, of Perkasie, led the singing.

Budget Secretary Will Be Host at Washington Crossing

The Bucks County Real Estate
Board will be the guest of Arthur P.
Townsend & Son at their summer
home at Washington Crossing, on
Wednesday, August 13th. About sixty
of the realtors and their families are
expected to be in attendance, and will
be conducted on an automobile tour to
the various points of historic interest
in the park.

Arthur P. Townsend, budget secre-
tary, and member of the board, will
give a short resume of the growth and
development of the park.

Mr. and Mrs. Turner W. Ashby,
of 319 Monroe street, and their
guest, Miss Nan Owen, of Philadel-
phia, and Mr. and Mrs. Glenn
Wurst, of Dorrance street, motored
to Beach Haven, N. J., on Sunday
and spent the day there.

Miss Marion Smith, of New Buck-
ley street, will pass the last two
weeks of August in Atlantic City,
N. J.

HERE AND THERE THRUOUT BUCKS COUNTY

Grading and Drainage Project on Route 553 Has Been Com-
pleted and Road Opened to Traffic — Doylestown Le-
gion Post Home Association Gets Charter from County
Court—McSparran Addresses N. J. Grange Members
at Farm School.

A 5.35 miles grading and drainage
project on Traffic Route 563, Legis-
lative Route 386, between Haycock
Run and Keelersville, Bucks County,
has been completed and will be open-
ed to traffic on August 9. Wayne D.
Meyers, Highway Division Engineer in
charge of operations today announced.

The improvement includes better
alignment, grades and drainage con-
ditions to provide a better bed for
future surface construction. This sec-
tion is locally known as the Ridge
Road since it follows a high ridge of
folding picturesque views.

The project is a State 100 per cent
Wheeler Bill improvement built on a
contract awarded January 2, 1930 for
\$78,751.31. Work was started March 5,
this year.

The Legion Home Association of the
A. R. Atkinson Jr., Post, No. 210, of
Doylestown, has been granted a char-
ter by the county court it was report-
ed at the monthly meeting of the American
Legion, that was followed by a
meeting of the Home Association and
the Drum and Bugle Corps.

The Home Association incorporated
the Post is now in a position to pur-
chase a permanent home in Doylest-
own. A fund has been established for
that purpose, and although no public
campaign will be launched as yet for
donations toward this movement, the
Legionnaires have already received a
number of contributions and will glad-
ly welcome others at any time. The
method of financing will be worked
out at a later date but it has been
definitely decided that no purchase
will be made until the project can be
properly financed without burdening
the Post.

Addressing 400 farmers from Hun-
terdon County, New Jersey, at Na-
tional Farm School John A. McSparran,
of Lancaster County, former mas-
ter of the Pennsylvania Grange, de-
clared that he is glad to live in a
country where there is a surplus of
farm crops.

It was the occasion of the annual
tour of the Hunterdon County Agri-
cultural Board. The farmers visited
the Farm School and inspected the
1200 acres of the school, and then vis-
ited the famous Burpee flower gar-
dens in Doylestown and the Mercer
Museum connected with the Bucks
County Historical society.

"You hear so much chatter about
a surplus of farm crops because of
the advent of the tractor, automobile
and farm machinery that people are
getting the wrong impression," Mc-
Sparran declared. "I am glad to live
in this country, where there is a sur-
plus."

"If it does not rain for three more
weeks the surplus of farm crops will
be taken up next spring, and there
will be no more surplus. The Lord
gives up this surplus, and in turn the
distribution will be well taken care of
by nature. A long drought, of course,
does much farm damage, particularly
to the farmers of the Middle West."

HAWKS MAKES RECORD EAST-WEST FLIGHT

Flying Captain Rests After
Nearly 15 Hour
Flight

PLANS TO PLAY GOLF

LOS ANGELES, Aug. 7.—(INS)—
Captain Frank Hawks was preparing
to play golf with his father here today
after resting from the strain of flying
from New York in 14 hours and 50
minutes, completing the first crossing
of the continent in full daylight and
establishing a new East-West trans-
continental record.

Hawks, making six stops, clipped 3
hours, 5 minutes and 11 seconds from
the east-west record of 18.42.54 made
by Col. Roscoe Turner last May.
Turner made one stop. Hawks' actual
flying time, deducting the stops, was
13 hours and 31 minutes.

The golf match was arranged by the
flyer's father, Charles M. Hawks, by
telephone just before his noted son
took off at dawn yesterday from Cur-
tiss Field, N. Y. They planned to play
yesterday, and when the son arrived,
three hours of perfect golf time re-
mained, but the flyer's mother ruled
that food and rest were more impor-
tant.

Hawks plans to take off Sunday in
quest of another speed record on the
return trip to New York, on which
stops also will be made. He has set
ten hours as his goal. He expects to
have the aid of tail winds over most
of the journey. Head winds and
thunderstorms delayed his westward
flight.

STONEBACKS ENTERTAIN

Mrs. Harry Smith, of Riverside,
N. J., spent Wednesday with her
brother-in-law and sister, Mr. and Mrs.
Harvey Stoneback, of Taylor street.

but it will mean that higher prices
will be brought for the crops now
available."

McSparran urged the farmers to or-
ganize as efficiently and thoroughly
as the bankers of America. He said
that bankers are organized 100 per
cent, while farmers were organized
but 15 per cent.

The visitors were greeted by C. L.
Goodling, dean of the Farm School,
and C. E. Snyder, a member of the
New Jersey State Board of Agricul-
ture.

At the Burpee flower gardens here
the farmers inspected twenty acres of
flowers in bloom. The tour was con-
ducted in Bucks County under the
leadership of Farm Agent William F.
Greenwalt.

ATTEMPT MADE TO STEAL SAFE FROM PRINTING CO.

Would-Be Thieves Are Scared
From Office of Delaware
Valley Advance

TAKE SOME CLOTHING

LANGHORNE, Aug. 7.—An attempt
to remove a safe weighing about 300
pounds from the office of "The Dela-
ware Valley Advance" at this place a
few nights ago proved unsuccessful,
when the would-be thieves were inter-
rupted in their work as a result of being
discovered by a man living near the
office of the printing plant.

It was between 2 and 4 o'clock one
morning that Thomas Brown, who
lives across the street from the office,
heard the sound of a machine moving
about near the office of the printing
establishment.

Going to the window to make an
investigation, he found that the men
had backed their car toward the office
and that they had removed the safe
from the office and were about ready
to place it on the truck.

Mr. Brown gave the alarm by shout-
ing, and becoming scared, the men
leaped into the car and sped away.
An investigation later disclosed that
the thieves succeeded in getting away
with some metal used in the printing
establishment and some garments be-
longing to the employees.

There was not a great amount of
money in the safe at the time, but all
the accounts and records of the estab-
lishment were placed there the night
before and had the thieves succeeded
in making a great get away, the firm
would have suffered a great loss be-
cause of the records being lost.

It was found that the thieves suc-
ceeded in making a get away after
forcing a window in the rear. State
police from Morrisville were notified
and in a few hours they were at the
scene of the robbery. Since then they
have been working on the case, but as
yet they have been unable to find any
clues.

SAVE TOTS' LIVES

Miss Katharine Harton, of Locust
street, and Archer Dougherty, of Lin-
den street, saved two little girls from
drowning in the canal on Sunday. The
girls were: Margaret and Anna Good-
win, of Swain street, and they had
been swimming when suddenly Miss
Harton and Archer Dougherty noticed
they were drowning. As the couple
reached the little girls, they were go-
ing down for the third time. The tots
were brought safely to shore and
quickly revived.

Croydon Tree Sitters Now Over 400 Hours

TREE SITTERS

William and Thomas Evans, 13
and 12, respectively, Croydon, up
since July 19th, at 8 p. m.

William Miles and William
Dowd, 17 and 18, respectively,
Bristol, Green Lane and High-
way, up since 5.30 p. m., July
22nd.

Tree sitting is now in a stage of how
long can the sitters hold out. Both
groups in this section are going strong
and show not the least signs of weak-
ening.

The Evans brothers at Croydon are
now well on to the record of over four
hundred hours. They had been up in
their perch a total of 444 hours at
eight o'clock this morning.

Records are being broken so fast
throughout the country that it is
rather difficult to keep track of what
the actual record is. The Evans boys,
however, are well up among the lead-
ers and are determined to stick.

William Miles and William Dowd
are in their third week at Green Lane
and the Highway.

After more than 343 hours of steady
pedaling, the six young New Hope
boys, whose average age is 12 years,
stopped riding a little past four
o'clock Tuesday afternoon. These
boys were: Calvin Cooper, George
Manger, Calvin Carlen, Albert Allen,
Charles Heer and Albert Monaghan.

They started riding Monday morn-
ing, July 21, at 9 o'clock. When past
their 100 hours, a looseness developed
in the front wheel and they took eight
minutes to tighten it and resumed
riding.

The boys had practiced their change
of riders on the bicycle so well that at
the end of each hour they made the
change with machine-like precision,
one boy climbing up behind and the
boy going off sliding away from the
front. The boy going off remained in
company with the boy riding, and then
had four hours off before his turn
came again to grind off an hour.

The boys rode gamely through sev-
eral storms and the torrid weather,
but their parents feared that a longer
test in the face of the hot days might
prove injurious and asked them to be
satisfied with the record they have
made. While it is said a group of boys
in Philadelphia have exceeded the
mark made by the New Hope boys,
their record is believed to exceed most
previous ones made in the United
States and entitles them to notice.

Establishing Golf Course On Landreth Homestead

The old Landreth mansion, Green
Lane and Highway is to be converted
into a modern and up-to-date indoor
golf course and outside driving range.

The property has been leased by
Daniel J. McLees, proprietor of "The
Pines."

Mr. McLees is now installing a 300-
yard driving range on the lawn of the
old mansion and plans to open this on
Saturday. Caddies will be on the
ground.

In the fall the mansion is to be en-
tirely renovated and an indoor course
built inside of the property. The in-
terior of the mansion is to be so re-
novated and decorated that it will re-
semble a natural golf course. Two
floors will be occupied.

LANGHORNE SECTION HAS SUFFICIENCY OF WATER

Group of Wells Dug Last Year Assists Mate- rially

300,000 GALLONS DAILY

LANGHORNE, Aug. 7.—Superintendent
O. F. Stompler, of the Langhorne
Spring Water Company today an-
nounced that "this community faces
no immediate shortage of water."

The pumping station located here
supplies water to Langhorne, Park-
land, and a few homes in Hulmeville,
Woodbourne, South Langhorne, and
many other smaller towns within a
radius of eight miles.

Last August this community was
faced with one of the worst water
famines in its history, and a new
series of wells were at once started,
which are now being tapped to insure
a plentiful supply.

The station is now pumping 300,000
gallons of water daily, twice as much
as the normal consumption, some of
this is being held in reserve. If the
new wells were not available now the
water shortage here would be serious.

Langhorne Woman Ends Life by Cutting Throat

LANGHORNE, Aug. 7.—Angeline S.
Shriner, 56, 125 National Avenue, com-
mitted suicide yesterday afternoon at
her home here. Illness is given as the
cause.

Mrs. Shriner ended her life by cut-
ting her throat with a razor. She was
found in her bed room with all of the
doors locked. Entrance was obtained
to the room by means of a ladder
placed to a window on the second
floor.

The deceased is survived by her hus-
band and one daughter.

GOOD HUNTING PROMISED GAMESTERS OF STATE

Tabulations of Early Reports
From All Sections
Promise Much

FINE BREEDING SEASON

HARRISBURG, Aug. 7.—(INS)—
Good hunting is promised the hunters
of Pennsylvania, according to J. J.
Slaughterback, secretary of the state
game commission, following a tabula-
tion of early reports from all sections
of the state.

The prolonged drought will not cur-
tail the annual sport, the game secre-
tary said. Though streams throughout
the state are low but water is run-
ning in virtually all of them and rain
will restore them to normal. Slaugh-
terback said.

Information received by the com-
mission also indicates that this year
has been an unusually good breeding
season for quail and rabbits.

Continued hot, dry weather, Slaugh-
terback pointed out, would affect game
conditions only in relation to the nut
and fruit crop, neither of which have
yet given indication of falling below
the normal of previous years.

Beech nuts, according to informa-
tion reaching the commission, are es-
pecially plentiful this year, leading to
the inference that there may be good
bear shooting in the state since scarci-
ty of beechnuts is invariably reflected
in the range of bears in Pennsylvania.

Squirrels will be plentiful next fall,
it is indicated and the light bags of
last season are expected to be aug-
mented considerably.

MONONGAHELA, Aug. 7.—(INS)—

Lost a score of years ago, a diamond
ring belonging to Mrs. John F. Nichol-
son, of Ashland, Wis., was recovered
in a flower bed here.

The ring had been presented to Mrs.
Nicholson on the occasion of her en-
gagement, September 10, 1910. She
dropped it in a garden and it was
given up for lost.

Recently, Richard Ackman was dig-
ging in the flower garden of his home
when he uncovered what appeared to
be a battered, worthless ring. Ackman
took it to a jeweler to ascertain its
worth and when the ring was polished
and cleaned an inscription "John to
Maria" was revealed inside the band
and it was identified as that lost by
Mrs. Nicholson twenty years ago.

SHAMOKIN, Aug. 7.—(INS)—Babies
born at the Shamokin State Hospital
here have no chance of being assigned
to the wrong parents, according to
hospital officials. A method of infant
identification, devised by Dr. George
Reese, chief surgeon, is used at the
hospital and, so far as is known, has
not yet been introduced into any other
institution in the country.

Instead of a silk ligature, usually
employed, a strip of white tape is
placed on the babies. On one end of
the tape the mother's name is stamped
with indelible ink, the other end bear-
ing the name of the child. The identi-
fication tape is applied immediately
and remains with the child until
chances of a mixup are minimized.

LANCASTER, Aug. 7.—(INS)—De-
voted of Isaac Walton, in Lancaster
county include a goodly portion of the
fair sex, according to records of the
county treasurer's office.

Of 4,722 licenses issued, 233 have
been taken out by women, including
one by a woman 82 years old.

The oldest angler in the county, the
records disclose, is 88, and there are
ten others who closely press him for
octogenarian fishing honors.

BLOOMSBURG, Aug. 7.—(INS)—
Standing pat on the belief that work
keeps a man healthy and fit, John
Daily, Bloomsburg's oldest resident,
celebrated his 95th birthday by work-
ing in his garden in the same fashion
he has for years.

Daily's garden is his pride, and is
one of the outstanding in the town.
Daily he arises at 5 a. m., works in
the garden, reads a bit and retires at
8 p. m.

Daily appears to be much younger
than his near-century age and is spry
and active as "mere youngsters of 50
and 60."

Mrs. Susie Stokes and grand-
daughters, the Misses Mary and
Helen Harris, of 238 Mulberry
street, are passing two weeks in
Seaside, N. J.

THURSDAY, AUGUST 7, 1930

SELF SERVICE

Many good folk are lamenting the passing of the era when men and women consecrated their lives to unselfish service and prepared themselves to become ministers, missionaries, teachers or country doctors that they might administer to the spiritual, mental and physical needs of humanity without thought of large worldly gain. They are not in error when they charge that modern men and women are choosing vocations today in which they can do the greatest service to themselves.

People today are coming to the belief that the best way they can help others is to produce much that their profit shall be large and that they shall never become dependent upon society. The old idea of service was direct. The new service is indirect. Twenty years ago it was still thought that only ministers, doctors and teachers served humanity. Today every workman who carries his whole day's wage home is known to have earned that wage in service to society.

Elbert Hubbard's version of the Golden Rule was "Do unto others as though you were the others," but an even more up-to-date version is "Do yourself much good and no bad to others." Getting something for yourself is reprehensible only when it is gotten at the expense of another.

LAWYERS ON PROBATION

The trouble with the majority of the suggestions advanced for the betterment of the law and legal practice is that they are impracticable. It is easy to work out a scheme that in theory promises the millennium. It is not easy, however, to change a thing as fixed by precedent as the law; consequently, although it is generally admitted that something should be done to bring the law in line with progress in other fields, nothing thus far has been done.

From a prominent lawyer recently came a plan that seems to possess merit. Briefly, it is a graded bar. It proposes that the law school graduate be admitted first to restricted practice under a limited and conditional license, and five years later, after his character and qualifications have been revealed through competitive law practice, to be granted or refused full admission to the bar.

Despite the fact that the idea appears to be excellent—for if the general standard of the legal profession is raised the need of improving the law will take standard of the legal profession and care for itself—the question again comes to the front as to whether it can be put into practice, and it requires herculean strength to go against either. This resistance to reform and the fact that it would make the rough road of the young lawyer all the rougher are the principal arguments against the scheme.

Masculine conceit was invented when the first man saw his reflection just after shaving.

In a flapper's dictionary cute may describe a sports roadster, a dance, a bridge prize, Rudy Vallee, a boy friend, a girl, a dress, a hat, a dog or a baby.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. Charles L. Bowen—(Adv.)

SYNOPSIS
Through Queenie Quinn, Hollywood script girl, Leo Hanlon lands an extra role in "Show of Shows," the musical revue film. Appearing in numbers with John Barrymore and Monte Blue, Leo leads a fascinating life at the studio. Queenie, who takes more than a business interest in him, advises that Leo learn the "inside" of production. Hanlon takes part in scenes starring Lupino Lane and Georges Carpentier, and plays in the grand finale, which is shot with the picture only half completed.

INSTALLMENT TEN
Pleased with Carpenter's contributions to the revue, Leo determined on a visit to his compatriot, Irene Bordoni. This comedienne, despite a charming accent which led one to believe that she had only just quitted her adored Paris, had long been an American stage favorite. Not only in New York,

ILL FOR YEARS: KONJOLA MADE QUICK RESCUE!

"Konjola Is Wonderful," Says Lady Who is Glad to Tell What New Medicine Did

MRS. DOLLY RIZER

Results are what count, and Konjola can be counted on for results even though all medicines and treatments have failed. Another proof of this is found in the experiences of Mrs. Dolly Rizer, 323 Wayne street, Washington, Pa., who says:

"Konjola is wonderful! I suffered from stomach trouble for twenty years, and try as I would, I could find nothing to relieve me. My food lay undigested in my stomach, causing gas, bloating and pain. I am free from pain and my appetite is good, and I advise anyone suffering as I did to give Konjola a chance."

Konjola does work swiftly: one does not have long to wait for results, but a complete treatment of from six to eight bottles is highly recommended.

all the eggs
must be perfect

... And to be a perfect gasoline it must have *all* of the qualities needed for
efficient all-round performance. One-feature gasolines are plentiful ... but in
Atlantic you get a motor fuel that gives you EXTRA POWER—EASY
STARTING—INSTANT PICK-UP—CLEAN BURNING
and "KNOCKLESS" combustion ... everything! It is
strictly a *super-quality* motor fuel produced by one of
the oldest, largest and most progressive refining organiza-
tions in the world—and is sold at no *extra cost* to you.

Just imagine!
We thought we couldn't afford one

POLLYANNA

"How will men look in the future?" asks a writer. It all depends on how the women dress.

That school-girl complexion is great stuff if you get it on both cheeks at the same elevation.

Wife: "It is possible to cut some people by ignoring them completely."

Husband: "That is so, and I wish I could cut the law that way."

It takes a rough sea to tell the good sailors from the bad.

She—Are you in favor of clubs for women?

He—Yes, if kindness has no effect.

When a locomotive whistles for a grade crossing, it is best to believe all you hear.

To think correctly is of greater value than to be considered smart.

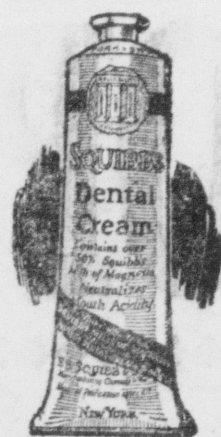

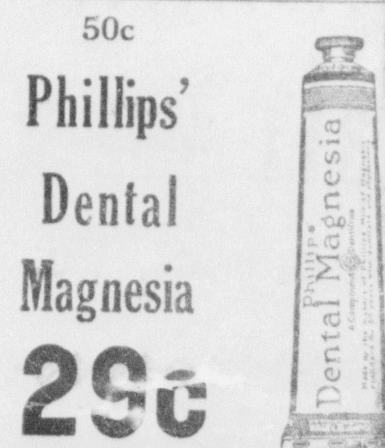

Boris Seeks Princess
Ileana as Consort

King Boris of Bulgaria has once again gone in quest of a consort. At Coburg he is expected to negotiate with Dowager Queen Marie of Rumania regarding a possible betrothal to Princess Ileana (lower), whose engagement to Prince Alexander of Pless now seems definitely off.
